We hope you enjoy our newly formatted, full-color **2008-2009 Annual Catalog**. We are sure you will find the perfect classes that will take your artistic talent to a new level. There is a wide variety of offerings in all mediums and for students at all levels. After selecting a class in your favorite medium, you may want to explore something new! The possibilities are endless. Give yourself the multilayered experience of participating in an art workshop led by a master artist in Sedona, one of the most beautiful areas in the Western United States. Sedona is among the top three art destinations in the country for cities our size. When you are not painting, you can browse through fine arts galleries; experience outdoor recreation extraordinaire; immerse yourself in art, film and music festivals – or pamper yourself in one of the exquisite spas – all the while surrounded by the natural beauty that inspires creative, personal, and spiritual quests.

If you have any questions - about anything, please give us a call. You can also visit our website at **www.SedonaArtsCenter.com** for more information, which always has the most up-to-date information about the Arts Center, our local Community School classes, our Workshops and our Field Expeditions. This should be the year that you choose to study art in an exotic location. With choices that range from the Grand Canyon to Tuscany – how can you resist?

We invite you to become a Member of the Sedona Arts Center and enjoy the benefits immediately with discounts on year-round classes and gallery purchases. Gallery purchases are tax-free in our Members Fine Art Gallery because we are a non-profit organization. Members also receive our monthly e-Newsletter that provides up-to-the-the-moment information on class schedules, new offerings, exhibits, and advance announcements for all special events. Memberships support our educational mission and scholarship programs, enriching the lives of others while adding new dimensions to your own.

### MOST WORKSHOPS ARE FOR ALL LEVELS

Figurative and Plein Air Painting courses require previous painting and/or drawing experience. Workshops are arranged chronologically within each area of interest. Workshops generally meet from 9 am to 4 pm daily with an hour lunch break. Field Expeditions and other Plein Air classes may hold different hours to capture the optimal light.

### ASK ABOUT OUR EARLY BIRD SPECIAL!

Selected workshops and field expeditions offer a 10% discount for early payment in full. They are designated within the catalog, see page 24 for more details.
