

IT'S THE JOURNEY . . .

**Leave your cares behind and immerse
yourself in the creative magic of Sedona!**

From Phoenix Airport:

The closest major airport is Phoenix Sky Harbor. Begin your creative adventure with a 2-hour drive through the spectacular Sonoran Desert - a peaceful space of endless horizons, ancient saguaros, carpets of blooming wildflowers and beautiful mountain vistas. Car rentals are available at the airport, but if you would rather relax and enjoy the scenery, shuttles are available to deliver you right to your hotel door in Sedona.

Driving from Phoenix:

If you are driving from the south: I-17 intersects I-10 in Phoenix. Drive north on I-17 to the Sedona exit, Hwy 179. Uptown Sedona is a 15 mile scenic drive from the exit, taking you through breathtaking red rock country made famous by western movies including *Broken Arrow* with James Stewart and John Wayne's *Angel and the Badman*.

Driving from Flagstaff:

You can drive down beautiful Oak Creek Canyon on Hwy 89A following the creek through a lush forest of pine, sycamore and oak trees or take I-17 south following the crest of the Mogollon Rim down to the Hwy 179 Sedona exit. Either way the views are stunning. Be aware that Flagstaff sits at a 7,200 foot elevation with freezing temperatures and snowfall in the winter.

Lodging:

From cozy inns and luxury suites, to relaxing resorts and B&B's, you will find what you're looking for in close proximity to the Sedona Arts Center. Please check our website for links to Resort Partners sites. Mention the Sedona Arts Center at any of the lodging locations below and you'll receive a student discount.

"We will continue to return here, our experiences have always been great."
