Collage Discovery Workshop - Claudine Hellmuth

Collage Discovery Workshop Claudine Hellmuth

All Levels 4 days - Oct 10 - 13, 2008

Call the Sedona Arts Center to register

(928) 282-3809 or toll free (888) 954-4442

Join master collage artist, Claudine Hellmuth, to discuss the latest techniques in collage arts and the spirit that inspires imagery on the page. We'll start the weekend with a focus on color mixing and expanding our color palettes. We'll move onto to a concentration on composition and design principles. Then we'll learn a combination of painterly collage techniques, which will enhance the surfaces of your collage artworks. We'll experiment with printmaking and transfer methods and other experimental methods of working.

A variety of "idea generation" tools will be covered to help us "dig deeper" into the meaning of our collage artworks. Our work together will be paced to allow for personal artistic discovery as well as studio time for working on our collage artworks. The atmosphere will be one of support and encouragement. The most important ingredients you can bring to this workshop, is an open mind and a willingness to share and explore. You will be embarking on this creative journey with a kindred group of artists and making artistic discoveries that will stay with you for the rest of your life. This one-on-one instruction with Claudine is not to be missed! Workshop is available to artists of all skill levels - beginning to advanced. Workshop is available to artists of all skill levels – beginning to advanced.
